

want to return or exchange your clogs? no problem!

Please fill out this form and ship it together with your clogs back to our office. We are always happy to help you!

Please read the instructions thoroughly:

1. Wrap the clogs/boots appropriately; you may use the wrapping paper that the clogs/boots arrived in. If you need to use additional wrapping to protect your items you can use other wrapping paper such as paper towels. Never use newspapers, it will leave marks on the leather! *
2. A good way to further enhance the protection of the clogs/boots is to add wrapping in the bottom of the shoebox and at the top over the clogs before sealing the shoebox.
3. Put the wrapped clogs/boots and this Return & Exchange Form in the shoebox. Make sure you use appropriate tape when sealing the shoebox. Tape all closures and edges that can be opened.
4. You may ship the clogs/boots back to us at the following addresses with the courier of your convenience.

* *Clogs damaged during return shipping due to improper packaging may not be accepted for returns or exchanges.*
